Division of Inspection

INS CONTRIBUTION TO INQUIRY

I wish to thank you and members of your division for your splendid cooperation in the recent inquiry conducted jointly by our divisions. We want to commend especially Leo A. Miazga for his management of the INS component of the inquiry, his field activity and his valuable contribution to the preparation of the report; Giles L. Lofton for development of his excellent report of the BER relationship to the matter; Gordon F. Ihmle for his participation in the field work; and Wilson O. Edmonds for his investigations. Please convey my gratitude to these individuals and to any others who may have contributed to the inquiry.

James L. Liverman, Director
Division of Biomedical and
Environmental Research
